

LASH LOVE LENGTHENING MASCARA

Love your lashes with the mascara that defines, defends and delivers four times the volume while looking naturally flawless, soft and healthy. The flexible, sculpted brush separates and coats lashes. Smudge and clump resistant. Water resistant. Fragrance Free.

BROWN MASCARA – MINKING:

You might not have heard about this particular mascara trick, but it's been used forever! Minking is all about using two different colors of mascara to make your lashes appear much thicker and fuller! For example, brown and black! All you do is use brown mascara first, then mink it with the black! It'll give your lashes dimension and make them look so pretty!
