

# TIMEWISE REPAIR REVEALING RADIANCE PEEL

**Directions:** Apply a thin layer of Revealing Radiance™ Facial Peel on the face, avoiding the eye area, and massage gently into the skin. After 10 minutes, rinse skin thoroughly with warm water and pat dry. Apply twice a week, in the evenings, allowing three days between each application.

## **How it works:**

- The facial Peel helps transform the look of skin:
- The glycolic acid goes to work immediately, removing dead skin cells from skin's top surface layer.
- This exfoliating ingredient also works on the remaining surface layers, breaking apart the bonds connecting thousands of other dead cells so they can be released and plumper, fresher cells can take their place. In Canada replace highlighted copy with "so that the thousands of other skin-dulling dead cells that are there can be released"
- By increasing the rate at which skin-dulling dead cells on multiple surface layers are eliminated, the power of glycolic acid enhances skin's own renewal process for a rejuvenated look.
- This advanced exfoliation method also significantly smooths skin, reducing the "hills and valleys" associated with a drier rougher texture.
- Once the layers of dead surface cells have been removed, your skin will be primed and ready to accept the benefits of other age-fighting treatments.
- Because we wanted the formula to be gentle enough to use twice a week, we paired the glycolic acid with an exclusive blend of calming botanical extracts+.
- Since some people can experience dryness after using a peel, the formula also contains a marine extract which has been shown to have hydrating benefits.+

**Use up Rate:** average use up rate is 6 months if you use twice a week.
